### WASHINGTON

Radical Republicans in senate to be taken back into fold and all rank and privileges restored in order that G. O. P. may hold control. Page 1.

Page 1.

Though it grinds their souls, the regulars are ready to bargain and to pay the price, for otherwise the Democrats would be able to seize control of the new senate, which will number 48 Republicans, 45 Democrats, and one Farmer-Labor. Page 1.

Page 1.

The great negotiations got under way upon the return today of Senator Watson (Rep., Ia.), chairman of the Republican committee on committees. He has received a letter from Senator Borah (Rep., Idaho), proposing the complete reorganization in the party organization of Senator Frazier (Rep., N. D.), who was read out of the party together with the late Senator La Follette (Rep., Wis.), the late Senator Ladd (Rep., N. D.), and Smith W. Brookhart (Rep., Ia.), who was then in the senate.

Page 1.

Senator Watson at once declared himself in favor of taking back Frazier and restoring him to the committee positions he held when he was banished. Such restoration would operate to make Frazier chairman of the committee on Indian affairs in the new senate as successor to Senator Harrel (Rep., Okla.), who was defeated on Nov. 2.

Page 1.

Smith Waives His Right.

In order to make it possible to give this chairmanship to Frazier Senator Smith (Rep., Minn.) has announced that he would waive his right to the position, which he would have by virtue of seniority in the next senate, when he would be ranking Republican member of the committee. Frazier is understood to be willing to make peace provided his old privileges are restored.

Page 1.

Senator Watson said further that he favors inviting Senator Shipstead (Farmer-Labor, Minn.) to affiliate with the Republicans. The Minnesota senator has returned to Washington, but is maintaining silence on his intentions. He should vote with the Democrats if 48 Republicans would still be able to organize by virtue of the casting vote of Vice President Dawes to decide the tie.

Page 1.

The probability is, however, that Senator Shipstead will vote with the Republicans. He was a Republican before he joined the Farmer-Labor party and, now that his party has dissolved, it is expected that he will be a candidate for renomination in 1928 as a Republican.

Page 1.

All to Get Choice Places.

Page 1.

The radical Republicans are in a position to exact it and it is not doubted that all of them will be given choice committee places. Senator Norris (Rep., Neb.) will be given the chairmanship of the judiciary committee. Senator La Follette (Rep., Wis.) is not unlikely to get the place on the finance committee which his late father held.

Page 1.

Senator-Elect Brookhart already has made his peace with the regular Republicans organization in Iowa and will return to the senate as a Republican in good standing. He probably will be sent back on the interstate commerce committee. Senator Ny (Rep., N. D.) and Senator-Elect Blaine (Rep., Wis.) are scheduled for good assignments.

Page 1.

At the bar, the ban on La Follette's radicals will not be lifted, the former Republicans being sufficiently numerous to organize without the support of the irregulars.

Page 1.

Collings Favored Punishment.

Page 1.

When the La Follettes were read out of the party after the 1924 election there were many regular Republicans, with forebodings of such a situation as exists in the senate now, who favored against the move. The step taken, however, because President Collings was strongly of the opinion that men who had opposed the party ought not to be retained in its nomination.

## CARR FUNERAL DRAWS CROWDS, RICH AND POOR

County Treasurer Is  
Buried at Calvary.

BY JAMES O'DONNELL BENNETT.  
(Pictures on back page.)

The plain people's tears for the dead Patrick Carr, untimely taken, mingled with their pleased and thankful reminiscences of his helpful life when their best friend was borne to the grave yesterday noon.

Strangers of funerals!

Even while they wept beneath the windows of the upper room where the friendly man's body lay they smiled for that they had known him; even while they stood with bared heads in the icy streets through which his body was borne they told relishing tales of his deeds and his words that had made him dear to them, of the kindnesses so blithely done, of the helping hand so vigorously extended.

Priest Talks of Pat Carr.

As beautiful a thing, perhaps, as could be said of a fellow man was said by Patrick Carr's friend and counseor, Father Callaghan, from the chancel rail of St. Agnes' to a great concourse within and without the edifice.

It was this:

"He made the little children of the poor feel that the Christ child did not come in vain."

Even while they wept beneath the windows of the upper room where the friendly man's body lay they smiled for that they had known him; even while they stood with bared heads in the icy streets through which his body was borne they told relishing tales of his deeds and his words that had made him dear to them, of the kindnesses so blithely done, of the helping hand so vigorously extended.

It was this:

that amount. It is understood that if the directorate of the Civic Opera company, hesitates to oblige itself to accept this "bargain," Mr. Insull is perfectly willing to retain it.

The Daily News will block for a sum of money in value the better of \$100,000, of which only \$10,000 is for the buildings which now occupy the property. The north half of the block, owned by the Commonwealth Edison company, is valued for tax purposes at \$300,000, of which \$30,000 is for buildings.

The south half of the block was bought by Victor Lasker with the idea of building an office and plant for the Daily News, but the plans were changed and the northeast corner of Canal and Madison has since been considered a site for the newspaper.

#### Recall Insull Speech.

With the site selected and nailed down, the erection of the new grand opera house and office building can be completed within a comparatively short time. Mr. Insull in a speech before the Chicago's association of commerce Dec. 9 last said that the site presented the most difficult problem.

"The easiest part probably would be the raising of the \$75,000,000," he went on, "so far as the cost of the planned cost of the structure—because it would not be possible to start on such a venture unless it could be demonstrated that it was of real commercial worth and a good sound financial proposition. Assuming that we will have the support of the citizens, I know that there will be no man but myself to hand this proposition over to others until we have solved the question of a home for grand opera of such a monumental character that it would be a credit to this great city, of which we are all so proud."

Mr. Insull was then appealing for a general subscription of \$100,000 to be spent on, say, the first year of the proposed cost of the structure—because it would not be possible to start on such a venture unless it could be demonstrated that it was of real commercial worth and a good sound financial proposition. Assuming that we will have the support of the citizens, I know that there will be no man but myself to hand this proposition over to others until we have solved the question of a home for grand opera of such a monumental character that it would be a credit to this great city, of which we are all so proud."

**Opera Without Defeat.**

With a home of its own and proper management, Mr. Insull has contended that grand opera will be a success in Chicago and still have no defeat.

By the construction of a warehouse to store the scenery, the Civic opera has cut off an annual rental of the premises. Corporation Counsel Busch said yesterday, the sensible thing to do by the war department will be put into effect immediately by the city council.

Although disappointed in the govern-

ment's refusal to allow an extension of the period, Corporation Counsel Busch

said yesterday, the sensible thing to

do by the war department will be put

into effect immediately by the adjust-

ment granted.

At present 6:30 to 9 a. m. are the

morning closed hours for bridges from

Michigan avenue to Kinzie street and

Roosevelt road. The new period is 7

to 9:30 a. m. The hours for other

bridges, 5:30 to 8:30 a. m. will be

Quality and Style in  
Genuine Imported  
Leathers

The four Regal Shoes you are looking  
at are all made of Genuine Imported  
Leathers.

Few people realize that we are the  
largest users in America of Martin of  
Glasgow's Genuine Heather Grain.

We also use more Genuine Imported  
Holland Grain than all the other  
manufacturers in the United States  
put together.

No other manufacturer in U. S. A.  
attempts to produce a shoe in this  
leather to sell for \$6.60, and some  
manufacturers charge more than  
twice \$6.60.

Original Blucher, Chisel Toe, Double  
Double Sole, Gaiter, Imported Holland  
Grain.

New Modified English Blucher,  
Made of Martin's Genuine  
Imported Holland Grain.

## HALL'S WIDOW TO TAKE STAND; SWEAR TO ALIBI

Willie and Henry Stevens  
Also Will Testify.

Somerville, N. J., Nov. 19.—[Special.]—The state rested and the defense opened today in the Hall-Mills trial in Somerville, N. J.

Paul F. Reich, president of the Bloomington, Ill., confectionery store company that bears his name, has been nominated as president of the Illinois Manufacturers' association.

Mr. Reich, born in Germany, came to America when he was 17 years old. He liked Bloomington so well that he became a confectionery salesman, later creating his own business and one of them in Chicago.

Mr. Reich is to be voted on are: First Vice President, J. C. Cunningham; Second Vice President, J. L. Donnelly; East Alton: treasurer, Peter S. Theurer; Chicago, for directors: S. L. Avery, Chicago; E. E. Baker, Keweenaw; S. S. Eagle, Madison; E. C. Hayes, E. L. Manske; E. T. Hart, H. F. Atlock, and D. A. Crawford, the last five of Chicago.

**SHIFT CLOSED**

**BRIDGE PERIODS;**

**NO EXTENSIONS**

A shift in the closed hours for Chicago river bridges to make them coincide with street traffic peaks, agreed to by the war department, will be put into effect immediately by the city council.

Although disappointed in the govern-

ment's refusal to allow an extension of

the period, Corporation Counsel Busch

said yesterday, the sensible thing to

## BRITAIN APPEALS TO DOMINIONS TO CURB U. S. FILMS

Asks Drastic Laws to Aid Empire Producers.

BY DAVID DARAH.

London, Nov. 18.—(Special)—The British government has decided to curb the importation of American films into England and the British dominions was recommended in the report of the general economic sub-committee of the imperial conference today.

After pointing out that American films constitute a large part of the imports into England and the dominions, the committee advised action by the legislatures of the various dominions and England which, if followed will constitute a severe check on the American movie export business. In view of the completeness of the situation, it is recommended that the actions be taken separately by the dominions rather than the empire as a whole. The following measures are recommended:

1. Effective customs duties on foreign films.
2. Ample preference or free entry of films produced within the empire.
3. Legislation to prevent blind or block booking.
4. The imposition of requirements regarding exhibition of a minimum quota of empire films.

ARMED FOR U. S. FILM TRADE.

The report also sounded a considerable alarm at the influence of foreign films—meaning American—and advised a check against the advertising and propaganda effect of the films and the education influence in shaping the minds of the large masses of people.

Special recommendations applicable to specific cases in the different dominions are made for applying trade and quota bars to the United States films. The committee warns the empire producers that they must make films worthy of competing with American films if they want business. The British dominions must be armed with the same enterprise, resource and adaptability which has enabled the Americans to get the market. Special recommendations are made to produce films which will familiarize children with the life and character of different parts of the empire.

**British Due to Act Soon.**

In England, the first immediate move will be taken to the new conference. The conference delegates have completed an important report on inter-imperial relations, on such questions as the status of dominions, treaty making, and appeals, which will be published tomorrow. The Transvaal committee is to consider the revision of the inter-imperial relations machinery, marking a milestone in the empire's history.

The committee on overseas settlement submitted a long document which was adopted by the general conference. It recommended that the dominions, including Australia, submit a memorandum to the government concerning mass movements of immigration, as well as its desire to shut out oriental immigrants.

**Influenced by Australia.**

The report, largely under the influence of Australian opinion, emphasizes Great Britain's desire to dispose of its unemployed excess population with consideration for Australia's welfare as well as the British. Various recommendations regarding the selective and recruiting of immigrants and a system for settling twenty-five or thirty families in groups forming new villages are contained in the report.

The features include provisions that British men between the ages of 18 and 40 can get free passage to Australia at the government's expense, the peak being made that Australia has no sufficient women to provide a wife for every man.

**DAWES IS NAMED AGAIN FOR HEAD OF CHICAGO A. C.**

William E. Dawes, vice president of the Central Trust company, has been nominated for president of the Chicago Association of Commerce to succeed himself. This will be Mr. Dawes' fourth term, breaking all records for the incumbency of that office.

Other officers nominated are: Vice president, Frank F. Winans, National City Bank; secretary, Frank D. Chase; vice president local business, William Marshall Ellis; vice president civic affairs, Charles M. Maderewell, Maderewell Coal company; general secretary, E. J. Cahn of H. Kuppenheuer & Co.; treasurer, J. S. Breckinridge; Marvin E. French, Second bank.

Nominated for a two year term as directors are: Warner G. Baird, Ayres Bissell, M. R. Bone, August Gatzert, Alexander H. Revell Jr., Charles W. Shedd, Albert W. Sherer, William P. Sidney, Harold C. Smith, and Rawleigh Warner.

## GIFT OF \$3,500,000 IS ANNOUNCED FOR INDIANA CHARITIES

Minneapolis, Nov. 19.—(Special)—Mrs. Bertha C. Ball, widow, and Frank C. Ball and George A. Ball, brothers of the late Edmund R. Ball, today announced a gift of \$3,500,000 from the Edmund Ball estate to be used for charitable, educational and public work in Indiana. It is the largest gift of its kind ever made in Indiana. The gift was made to relieve taxes levied prior to the death of Mr. Ball, one year ago, to his brothers, as trustees, have been transferred for administration to the Ball Brothers foundation, a corporation formed recently. Validity of the trust was upheld today in Circuit court. The brothers have become widely known through their donations of millions of dollars for charitable purposes. Churches, schools, colleges, universities and hospitals have been the principal beneficiaries.

## 7,000 MILES OF WAYS NOW OPEN TO AIR COMMERCE

### U. S. Hopes to Add 5,000 More in Year.

(Chicago Tribune Press Service.)

Washington, D. C., Nov. 19.—(Special)—Nearly 7,000 miles of airways are now available for use by commercial planes, according to William P. MacCracken, assistant secretary of commerce. Mr. MacCracken hopes that another 5,000 miles will be placed at the disposal of flyers during the present fiscal year and that most of the important centers of the country will then be interconnected by this new form of transportation carrying mail, express and passengers.

"The purpose of the government has been threefold," Mr. MacCracken explained. "First, to obtain better development of this new form of transportation for commercial purposes; second, to create private commercial services which can relieve the postal service; and, third, by the creation of a large commercial air fleet with its accompanying personnel and its background of the manufacturing industry to give a fundamental military reserve to the country.

**Test Planes for Long Flight.**

Norfolk, Va., Nov. 19.—(AP)—Two navy PN-10 seaplanes, expected to stop off here Monday on a non-stop flight from California to the Orient, will make a 10 hour test flight.

Lient. Commander H. T. Barlett, in command, said the hop was uneventful and the motors behaved satisfactorily. The planes covered 800 miles, cruising at a "lazy" speed of 90 miles an hour.

### Old Fireman Rides on 45th Anniversary Trip of Flyer

(Picture on back page.)

Forty-five years have brought many changes in the operation of railroads, but no better men run the largest locomotives today than the first eastbound Pennsylvania Limited to New York, the train that left Chicago the night of Nov. 19, 1881. So George A. Miller declared yesterday, when he told the press that he had begun his friendly bout with wage earning life as a fireman.

**Purple Flowers on Coffin.**

A small bunch of purple flowers was placed upon the coffin.

Through that rapidly growing, still nondescript area in which Patrick Carr was "the most important man" was the small train that left Chicago the night of Nov. 19, 1881. So George A. Miller declared yesterday, when he told the press that he had begun his friendly bout with wage earning life as a fireman.

**Chicago, Illinois, April 14:** A few months ago I had what I presume was an acute form of eczema. Red blisters and cracks, which refused to heal, appeared on the fingers of both hands and spread to the right hand. Both hands raw, inflamed and blisters. I began to apply to burning, itching ointment, but for its quick healing qualities. From today on I am a volunteer booster of Resinol. (Signed) F. E. Fergus, 1233 Winnetka Ave., Edgewater Station.

### County Treasurer Buried at Calvary.

(Continued from first page.)

Suburb saying, "He made it so easy for us so far downtown to get to pay our county taxes—these branch treasuries he opened in outlying towns—why they saved a man half a day." He had feeling, Mr. Carr had."

**Found Ways for Kindness.**

Another spoke, and you caught this much, "He came out of the meeting of the trustees and backed me into a corner and whispered, 'Now lad, this is a ticklish matter to take up with a man, but I know what an unexpected dead in the family means. I know how it hits the poor man, and I was wondering if he had a wife and a while, mightn't make things go smoother—and we've known each other long enough for you not to be offended, haven't we?'"

Women had been puzzled about their little tax schedules went into long hours of study and dictated to their husbands, according to William P. MacCracken, assistant secretary of commerce. But Mrs. Carr said, "Now my husband would want to be true to his parish church to the end."

## BIG GAME SEATS FAIRLY DIVIDED, KELLY DECLARES

Explains Distribution of Army-Navy Tickets.

Charges by Congressman John J. Gorman that 5,000 of his constituents had been given two tickets each for the Army-Navy game because of double dealing by the south park board met with an immediate reply from President Edward J. Kelly of the south park board.

Mr. Gorman's charges were contained in letters to the 5,000 constituents who had been given two tickets. When it was settled that the game should be played in Chicago, he said, he had prepared a list of the 5,000 names and submitted it to Mr. Kelly with the expectation that each person would receive two tickets. Now, however, the tickets are at his disposal, the congressman said.

Mr. Kelly replied that the Gorman claims were preposterous and that he owes an apology to all his constituents.

### Hints Political Propaganda

"I trust that congressmen who are candidates two years hence and who asked for exorbitant blocks of tickets will not start their campaigns talking about football tickets at this time, as it comes with poor grace from those who are trying to blame the park board for mistakes they made themselves in prelection promises," Mr. Kelly said.

"In order that the public may know of the entire procedure in regard to the Army-Navy game, I desire to say that the agitation for this game was started by some of the leading graduates of Annapolis and West Point and by general demand of the citizenship of Chicago."

"The newspapers also took up the question and advocated it so strongly that it was thought advisable by the congressmen to have the game brought here. Congressman Britten led the fight, aided by other influential citizens to bring about the superintendence of the naval academy, who had sole authority to designate where the game should be played."

### Says Board Not Consulted

"After the game had been assigned to Chicago, several speeches were made over the radio in which it was told how tickets were to be distributed and who would be given them. The south park board was not consulted."

"It was thought at that time that public opinion was in favor of the game. On looking into the matter the south park board found it would be impossible to handle it that way and that they would be obligated in every way to take care of the finances in order to close the matter with the two schools."

"It would seem ridiculous that the south park board would demand to be paid the extent of \$60,000 on congressional promises when we were 'holding the bag.' It is true that a great many demands were made on us by a few congressmen in that they asked for five and six thousand tickets, which can readily be seen could not be taken care of."

### 12,000 Tickets for Congress.

"But most congressmen and senators have been fair in their demands. We have distributed but 12,000 tickets to congressmen in the United States. They come from our 40,000 seats. This insures that the tickets are scattered throughout the country."

"Being president of the south park board made it difficult in this instance because nearly every person desiring a ticket wrote to me personally. In most cases we turned the letters over to H. C. Conroy, in charge of ticket distribution. The same is true for the other park commissioners."

"There was a greater demand for tickets when it was thought that the charge would be \$2.50 instead of \$1.00 and \$1.50. I trust that we shall not be compelled to do this again. We say that we have done well in the distribution. We have the name and address of every one receiving tickets through us and we have been careful not to sell large blocks of tickets."

"I am surprised that any congressman should have any criticism to

## RIVER UNKINKING WILL BE STARTED WITHIN 30 DAYS

With all the obstacles at last cleared away, actual work on the straightening of the Chicago river from Polk to 18th streets will be under way in less than thirty days. Competition for the river's getting the game for Chicago will be a problem to be faced.

The superintendent of the Naval Academy and other officials were eager that the south park board should have control rather than resting the responsibility in the hands of some quasimilitary organization.

"We are making every effort to help Chicago in making this game succeed and it seems to me that if any congressman should at this time offer criticism he would be doing it for political purposes."

**Friday's Exercises Free**

"It is our intention to throw the stadium open free of charge on Friday, Nov. 26, so that those who wish,

may see the cadets and midshipmen go through their maneuvers and the dedication of the students to those who have football tickets will remain away on Friday in order to give others a chance to view this spectacle."

"We are obligated to the extent of \$630,000 made necessary by the transportation of the students together with their maintenance and entertainment and extra work required at the stadium. It appears at this time that we will not get that much out of the game."

## Lady Lavery, the Former Hazel Martyn, Is in U. S.

(Picture on back page.)

When news of the arrival in this country of Sir John and Lady Lavery caused a stir yesterday, their friends at once started to plan for a visit from them. Lady Lavery was late Mrs. Edward Jenner Martyn of Chicago, and passed her childhood here. Both Lady and Sir John Lavery are now living in England. They live in London. After their marriage in 1910 they were here for a time and Sir John then painted the portraits of many noted Chicagoans.

There was a greater demand for

tickets when it was thought that the charge would be \$2.50 instead of \$1.00 and \$1.50. I trust that we shall not be compelled to do this again. We say that we have done well in the distribution. We have the name and address of every one receiving tickets through us and we have been careful not to sell large blocks of tickets."

## ITALY TAKES U. S. PRESS AGENT TIP TO GET NEW LOAN

BY JOHN CLAYTON  
(Chicago Tribune Free Service)

ROME, Nov. 19.—American methods of publicity have been adapted to Italian conditions in the government's efforts to make the internal loan a success.

Premier Mussolini, as minister of the interior, is directing the campaign for subscriptions. He has called on the Fascist party and the nation to subscribe as a patriotic duty to the limit of their abilities in this "battle for Italy's economic independence."

In addition to the conversion of 28,000,000,000 lire—more than \$1,000,000,000—in short term bonds, new investments in national debt certificates are sought. The first day brought several large contributions, including one for nearly \$1,000,000 from a commercial bank.

The proceeds of this loan, above the conversions, will be used to provide credits for Italian industrial establishments.

A fortnight ago leading industrialists made an appeal to the dictator for a loan for credit pointing out that they are obtaining considerable quantities of short term notes.

The campaign for subscriptions being nation-wide, smaller sums are not being overlooked. Between now and next Friday all the provincial prefects (representatives of the interior in the provinces) will visit Rome to receive personal instructions from Premier Mussolini. The premier, as minister of the interior,

## COOLIDGE GOT UP AT 2:30 A. M., HE ADMITS, TO GO TO A CIRCUS

Washington, D. C., Nov. 19.—[Special.]—President Coolidge, as a boy, thought nothing of jumping out of bed in the early morning to attend a circus performance in the neighborhood of Plymouth, his boyhood home.

This was revealed today when the President, during the course of a chat with Rob Sherwood, veteran clown, remarked that he had often arisen at 2:30 in order to go to a circus.

Sherwood, who says he is the oldest living ex clown, presented the President with a copy of a book on his life, entitled "Here We Are Again."

The President displayed unusual interest in his career and appeared impressed with Sherwood's statement that he was the first performer to turn a handspring over seven horses and two elephants.

In addition to the conversion of 28,000,000,000 lire—more than \$1,000,000,000—in short term bonds, new investments in national debt certificates are sought. The first day brought several large contributions, including one for nearly \$1,000,000 from a commercial bank.

The proceeds of this loan, above the conversions, will be used to provide credits for Italian industrial establishments.

A fortnight ago leading industrialists made an appeal to the dictator for a loan for credit pointing out that they are obtaining considerable quantities of short term notes.

The campaign for subscriptions being nation-wide, smaller sums are not being overlooked. Between now and next Friday all the provincial prefects (representatives of the interior in the provinces) will visit Rome to receive personal instructions from Premier Mussolini. The premier, as minister of the interior,

has signed a manifesto calling for the cooperation of all the peoples, while the Fascist party circulars point out the duty of the members to the nation.

In many of its aspects this campaign to supply fluid capital for economic necessities for the nation by having the people contribute, resembles the Liberty loan drives in America during the war.

**Police Asked to Search for Missing School Girl**

Rogers Park police yesterday were asked to search for 15 year old Edna Friesen, a student of the Winchell Continuation school, who disappeared from her home, 7237 Sheridan road, last Friday. After school hours she is employed by Mrs. D. H. Cahn.

## AUSTIN TO FIGHT RAZING OF ITS OLD TOWN HALL

Several hundred citizens of Austin joined in mass meeting last night to protest the city council's action dooming Austin's historic town hall to make room for the new library.

The town hall at Austin was erected in 1856 and was used for administrative purposes until 1886, when it became part of Chicago. Since then it has been occupied by various patriotic orders and used as a community center. Recently it was decided to erect a new branch library in the district, and the northeast corner of Race and Central streets was selected as a site. Later the council passed an amendment to build on the site now occupied by the town hall.

Protest, which has been started by the Austin Optimist club and other civic organizations, has been taken up by Henry Drews, publisher of the Austin Weekly Shopping News.

## U. S. OFFERS TO HELP NICARAGUA MAINTAIN PEACE

### May Blockade Against Mexican Gun Runners.

[Chicago Tribune Press Service.]  
Washington, D. C., Nov. 19.—[Special]—President Coolidge, acting through Secretary of State Kellogg, has formally notified the Nicaraguan government that the United States will use its good offices in an attempt to bring about and maintain peace in that nation.

This was announced at the White House today, where it was stated for the President that this government has promised to cooperate, as far as it can, with the Nicaraguan authorities in the hope of stabilizing the government set up by the revolutionaries.

May Establish Blockade.

No immediate move will go forward at the request of President Diaz for aid in restoring peace in the face of "Mexican armed intervention in Nicaraguan affairs." While it has been suggested that the state department may eventually establish an effective blockade against Mexican gun runners, there is no indication at the White House of an immediate move in that direction.

The appeal of President Diaz leaves the way open for any action that this government might desire to take. It is understood that the U. S. Consul, American chargé d'affaires at Managua, is already attempting to render "specific assistance" by bringing the liberals to the support of Diaz. If he is successful, the Mexican angle of the situation would be greatly modified, for the mark for the counter revolutionaries in Nicaragua would be destroyed.

Should peaceful methods fail, it has been suggested that the United States might use its naval forces in quelling disorders and preventing gun running.

It might also lift the American blockade on arms as far as the Diaz government is concerned.

Senate May Investigate.

Suggestions also were made that the Senate may order an investigation into the situation, leading up to the recognition by this government of President Diaz. Such an investigation would be primarily concerned with changes that "dollar diplomacy" was responsible for the state department's intervention in Nicaraguan affairs. Changes have been made by Nicaragua, while both in this country and Mexico, that America's action was a preliminary step toward American control of Nicaraguan banks and railways.

Moncada May Peace.

MANAGUA, Nicaragua, Nov. 19.—[Special]—Among reports circulating here is one that Gen. Moncada, leader of the Liberal revolutionary forces on the Atlantic coast, probably will soon agree to make peace with the Diaz government. In this connection, it is considered likely that the government will pay off all the troops in the Liberal army, give the leaders a lump sum, and even permit participation in the government by the Liberals.

Rear Admiral Julian L. Latimer,

### FORMER NEWSIE NOW INSTRUCTOR AT WEST POINT

Francis J. Heraty, former Chicago newspaper boy, his lathe being to receive the appointment as liaison officer between West Point and Mayor Dyer's committee for the Army and Navy football game.

He stayed at this post for ten years. CAPT. F. J. HERATY

While he sold papers he also attended the St. Sylvester and the North Division schools, graduating from the latter in 1909. And during this time he was encouraged to train himself as a violinist.

In 1913 he was appointed to West Point by Congressman Frank Buchwald of the Seventh Illinois district, graduating in 1917. Heraty then was assigned to the Eleventh Infantry at Chickasaw Park, Ga., and immediately was promoted to first lieutenant of his division.

He served in the St. Michael and Meuse Argonne offensives as lieutenant of the 10th and 11th regiments. He was wounded at Cunel, France, on Oct. 16, 1918, and was cited for bravery. Capt. Heraty is now instructor at West Point.

The appeal of President Diaz leaves the way open for any action that this government might desire to take. It is understood that the U. S. Consul, American chargé d'affaires at Managua, is already attempting to render "specific assistance" by bringing the liberals to the support of Diaz. If he is successful, the Mexican angle of the situation would be greatly modified, for the mark for the counter revolutionaries in Nicaragua would be destroyed.

Should peaceful methods fail, it has been suggested that the United States might use its naval forces in quelling disorders and preventing gun running. It might also lift the American blockade on arms as far as the Diaz government is concerned.

Senate May Investigate.

Suggestions also were made that the Senate may order an investigation into the situation, leading up to the recognition by this government of President Diaz. Such an investigation would be primarily concerned with changes that "dollar diplomacy" was responsible for the state department's intervention in Nicaraguan affairs. Changes have been made by Nicaragua, while both in this country and Mexico, that America's action was a preliminary step toward American control of Nicaraguan banks and railways.

In this connection, it is considered likely that the government will pay off all the troops in the Liberal army, give the leaders a lump sum, and even permit participation in the government by the Liberals.

Rear Admiral Julian L. Latimer,

### SETS ASIDE RUM VERDICT LAID TO KLAN AND PULPIT

### Nebraska Court Calls Jury List "Influenced."

Lincoln, Neb., Nov. 19.—[Special]—The Supreme court of Nebraska today set aside the verdict of a lower court in a liquor case, because the Ku Klux Klan and the Ministerial Union of Holdrege, Neb., had used "undue influence" to obtain a conviction.

Oscar Nelson of Phelps county was the defendant. A detective employed by the Klan and the ministerial union, with money supplied by A. F. Swanson, a klanman, and County Clerk Goben, bought whisky from Nelson, and for that sum he was convicted.

Jury Improperly Selected.

The court held that because of Swanson's connection with the Klan, the members of the jury panel should have been quashed. Nelson claimed that members of the county board were also klanmen. The court says that where officers who provide a jury list, at the time of such performance of duties in their individual capacities, in connection with members of some society in which they also have memberships, engage in an endeavor to secure the conviction of a man, employ detectives and compensate them at their private expense, the trial court should have quashed the panel, since it is the law that a jury shall not be selected by officers having an interest in the result of the litigation.

Need Warrant for Search.

New Orleans, Nov. 19.—[Special]—The court, in a drug agents searching auto mobiles on suspicion and without a search warrant was given a blow by the United States Circuit Court of Appeals in a decision handed down today in the case of Tony Emilia and Carlo Falco of Dickinson, Tex., on appeal from the southern district of Texas.

Emilia and Falco were convicted in the district court on two counts of having fifty-one gallons of liquor in their automobile. They appealed on the ground that two dry agents overhauled them on the public highway and searched their car without warrant.

New Trial Ordered.

The high court upheld their contention, reversed the decision of the lower court, and ordered a new trial in the district court.

Among the court's findings were these interesting statements:

"The fact that a car appears heavily laden and is being driven carefully, does not necessarily indicate a legitimate use of it and do not warrant reasonable belief that it is being used as a means of committing criminal offense."

"A search of an automobile without warrant is not justified by a mere suspicion based on the fact that it came from a small town having the reputation of being a haven for bootleggers."

BANDITS ROB JEWELER OF \$600.

Two of a gang of five, who probably are responsible for the kidnapping and robbery of William Herzog, jeweler, of 5812 West North avenue, of \$600 of rings and watches.

### Four Lake Vessels Caught in Gale Two Days Overdue

Milwaukee, Wis., Nov. 19.—[AP]—The storm swept waters of Lakes Michigan and Superior tonight still held in their grip three coal carrying freighters and the steamer C. Russell Hubbard which were caught in the severe storm that swept over the lakes from Canada Wednesday and Thursday.

The date overdue are the Monroe C. Smith, David Z. Norton, and Sam Mitchell.

No report had come from the C. Russell Hubbard, a 9,500 ton ore boat, carrying a crew of 20, which was due at Ashland, Wis., Thursday.

Crews of the Cottonwood, which went on the lake from Cudahy, Wis., to Point Lake Superior, Monday, reached safety in a lifeboat, according to D. H. Giddings, first mate, who arrived at Ste. Sault Marie in a gasoline boat. He made arrangements to send provisions to the 24 men who found shelter in huts at Roussau's fishing station at Point Lake Superior.

Crews of ships which were caught in the storm told of their escape from disaster when they docked.

The crew of 13 men of the Tug Butterfield of Ashland, Wis., towing a barge on which there were five men, who faced privation for fine miles as far as low water reaching Ashland after fighting the high seas, the

tug and barge, laden with Canadian wood pulp, were unable to dock.

Separated from the tug by 2,000 feet of line, the crew of the barge faced a gale. A floating anchor tied to a rope was set adrift by the tug and was snatched up by the machinery of the barge. With the line, food was passed to them.

Regarded by marine men as an epic of the lakes was the docking of the rudderless P. A. B. Widener. Losing its rudder near the Rock of Ages Wednesday, the ship was tossed about for two days.

By dropping both anchors and skillfully maneuvering, the captain kept the ship off the rocks and early Friday had drifted 150 miles.

Tonight the Widener was lying six miles from Superior, Wis., awaiting rescue.

After causing concern for their whereabouts, the steamer Andaste was anchored safely in the harbor at Sturgeon bay Thursday night.

Freighter Reported on Rocks.

Buffalo, N. Y., Nov. 19.—[AP]—The coast guard has been called to Point Abino, where, it is reported, a freighter with nine men aboard is on the rocks.

The boat is said to belong to the Ford fleet. Point Abino is on the north shore of Lake Erie, about twenty miles from Buffalo.

### ARREST WEALTHY DRUG MAKER ON 2 GIRLS' CHARGES

Stanley Gatkowski, 44 years old, of 2749 North Crawford avenue, said to be a wealthy drug manufacturer, was arrested yesterday on complaints signed by the parents of two girls.

With Gatkowski the police arrested Helen Gonikowski, one of his employees. She had interviewed one of the girls and had informed Assistant State Attorney Maxine Anderson that she was Mrs. Gatkowski.

Gatkowski, who is married and the father of two children, is president of the Z. G. Herbs company, 1125 Milwaukee avenue.

## New Overcoats

There is no mistaking the ever growing popularity of Dunlap coats among men of standing. You see them nearly every fashionable place you go—rich, warm, stylish coats with the Dunlap label of quality and correctness. A new assortment of patterns, models and fabrics shown by Dunlap for all winter occasions.

## A REPROACH TO ILLINOIS.

Stories continue to come from central Illinois of suffering as a result of the autumn floods. The cold weather has made matters much worse. Whole families whose farms are still under water are living in tent colonies and may have to remain under canvas all winter. A scarcity of winter clothing is reported.

The facts are a reproach to the more fortunate communities in the state. There is enough money and enough good will in Illinois to provide at least elementary comforts for all the flood victims. Because the sufferers have not complained or begged for help, too little attention has been paid them by the public. The Red Cross has undertaken the work of relief. We should like to know whether the work is hampered for lack of funds and, if so, how much needed.

## NINE ACQUITTED.

Nine officials of the Retail Cleaners and Dyers' association were accused of conspiring to bomb a cleaning establishment whose proprietor refused to go along. Though not a single witness was called to the stand by the defense, it took the jury only five minutes to acquit all nine.

The fault lay not with the jury but with the prosecution, which presented no evidence to connect the nine defendants with the crime charged against them. Under the circumstances, the jury could only acquit. We should like to know why the taxpayers' money was wasted in a prosecution which the state's attorney must have known was bound to fail. Such prosecutions serve only to bring the processes of justice into disrepute. Every time the state's attorney indicts but fails to convict, he is offering an inducement to criminals to take a chance on breaking the law.

## MORE MEDICINAL WHISKY.

If the Anti-Saloon league doesn't go after Gen. Lincoln C. Andrews with an ax and keep swinging, it has lost something—we won't say what. Gen. Andrews must look like Benedict Arnold to the die-hards at least, for he announces that a bill will be introduced in the next congress authorizing the manufacture of more whisky.

Of course, it is for medicinal purposes, the supply of which has run so low that an emergency exists, in Gen. Andrews' opinion. We doubt that judgment will get the chief enforcer anything with the prohibitionists. First, because the prohibitionist denies that there is a medicinal use for whisky, and cites some doctors to prove it. Second, the true blue prohibitionist believes that if a sick man can't get well without the aid of the Demon Rum he ought not to get well at all. So Gen. Andrews and his bill are out on their last count.

What makes the proposal even more suspicious is that the consumption of whisky for medicinal purposes is increasing, and already has reached the rate of 2,900,000 gallons a year. There were 50,000,000 gallons in storage in 1921 and this has now been reduced to 14 or 15 millions. Taking 5 years as the proper period for aging, the treasury experts are of opinion that if a shortage is to be avoided the manufacture of 3 millions yearly should be permitted.

Mr. Wheeler will have to marshal his forces and begin to let loose the league thunderbolts without delay. This bill is likely to pass.

THE FEDERAL JUDGES'  
SALARY BILL.

On Dec. 9 the house will consider the bill for increase of the salaries of federal judges. The senate passed the measure at the last session. The American Bar association indorses it, and we believe any one acquainted with the onerous and important work of the federal judiciary must favor it.

A District Judge now receives \$7,500. Once that was a respectable provision, commensurate with the dignity and requirements of the office. It is no longer so. It has not been for many years, at any rate where judges have to live in metropolitan districts.

The bill raises the salary of District Judges from \$7,500 to \$10,000, of Circuit Judges from \$5,500 to \$12,500, of associate Justices of the Supreme court from \$1,500 to \$20,000, and of the chief justice from \$15,000 to \$20,000. It also provides increases for judges located in Washington.

The compensations here fixed are in our opinion not only moderate but too low. They are less than some salaries of state judges. In some federal districts, where living costs are moderate, they are doubtless adequate, but not for the great cities or for Washington. There are no more hard working public servants than the federal judges and the dignity of their office and that of the national government requires that they should be well paid. We want the best quality of judicial ability and it is neither just nor self-respecting for our government to underpay any service. It is also poor judgment to expect the best while we begrudge to pay for it. When political conditions are such that good men cannot be placed on the bench it is, of course, folly to pay high salaries. But the federal

judiciary is pretty well chosen and if it is better paid will attract better men or at least will have a larger number of good men to choose from.

However, the bar has given proper consideration to the situation, we don't doubt, and the moderate measure it proposes should not fail of passage at the coming session.

## A DYING CONGRESS.

Observers in Washington are inclined to think that nothing will be accomplished at the forthcoming session of congress. The session opens next month and must come to an end in March when the terms of all the representatives and a third of the senators expire. If the appropriations for 1927-1928 are not passed by that time, the President will have to call the new congress in special session as soon as the old one adjourns.

In ordinary course, the congress which we elected this month would not take up its duties until December, 1927, thirteen months after the election. The elections have given the insurgent Republicans the balance of power in the senate and have somewhat strengthened their position in the house. Accordingly, the insurgents are expected to filibuster to the limit to prevent the passage of important legislation at this session in the knowledge that the calling of a special session will give them more power than they now possess. If they have their way, congress will mark time for three months at considerable expense to the taxpayers while the business interests of the country suffer from the chills and fever which accompany an indecisive session.

At that, we shall be fortunate. No legislation is likely to be passed at this session which will run counter to the expressed desires of the voters. The elections did not overthrow the present majority but only weakened it. If the result had been otherwise, a lame duck congress might be passing laws in the face of popular disapproval. As long as we maintain a representative government—and no better form has yet appeared—we gain nothing and are likely to lose much by interfering with its free operation.

The difficulty would be avoided if the congress which has just been elected were to be seated promptly instead of a year from next month. When the constitution was drafted, communications were slow and travel was difficult. The delay of months between the election and seating of congressmen was an unfortunate necessity. It took many weeks to assemble the election returns and certify them and many more weeks to make the journey from the remote states to the capital. Here is a provision of the constitution which might well be amended to meet the changed circumstances of our lives.

## FARMERS UNITING.

Representatives of the cotton growers have been meeting representatives from the corn belt in St. Louis. An attempt was made in the last congress to win the support of southerners to the corn belt's project for agricultural relief, but without much success. The enormous overproduction of cotton this year has forced leaders in the south to realize that the heart of the agricultural problem is the disposition of agricultural surpluses. The farmers

do not need credit, but a fair price for their crops, and they cannot be assured a fair price until some method is worked out of giving it to them even when the supply is far greater than the current demand. This has been understood by the grain growers for some time; the boll weevil, which kept down cotton production in recent years, has saved southern farmers from the full consequences of the economic laws which have been squeezing their northern brothers ever since the war.

We do not wish to minimize the differences between the growing and marketing of cotton on the one hand and the growing and marketing of grain on the other. The difficulties in the way of framing a single bill which will serve the needs of both northern and southern farmers are great. We ordinarily export about half of our cotton and a much smaller fraction of our grain. Hand labor is more important in the cotton crop than in grain. These and other differences have long been exploited by those who oppose measures to place agriculture throughout the country upon a sound footing. The St. Louis meeting marks the realization that neither north nor south is likely to get needed relief without cooperation. Acting as a unit, the Mississippi valley can overcome indifference and opposition.

## Editorial of the Day

## CORRUPT AND CONTENTED.

[Oklahoma City Oklahoman.]

Far more than a century has passed since Edmund Burke pronounced it impossible to indict a whole people. If he were alive today, he might admit an exception. He might even go far enough to frame an indictment against an entire American state and call the commonwealth of Illinois to the bar of public judgment.

Many, many thousands of honorable Illinois citizens deserve the sympathy of a nation, but those honorable citizens can hardly deny that their state has fallen on evil days. No American commonwealth more richly deserves the characterization of "corrupt and contented," for the corruption is known to high heaven and a complacent majority by condoning wrong-doing give evidence of their contentment.

The highest court in the state has found an Illinois governor guilty of defrauding his people of more than \$1,000,000, yet the people give him four years more in the state's highest elective position. Two candidates for the senate admit receiving money from a source that is damning to any honest or decent candidate, and the majority promptly elects the one who had taken the most money and had taken it under the most shameful circumstances. A third candidate, whose shame was stainless and whose integrity was unchallenged, received almost no votes at all.

Four years have passed since a reign of terror broke in an Illinois town and the very streets became crimson with the blood of an assassination. But no assassin was ever molested by the sworn officers of the law and not one of Herrin's murdered dead has ever been avenged by the state. Armed thefts are rampant, and the law and order of the state are at the mercy of the belligerent bandit. Armed robbery has been seized by the rebels and taken in the direction of Winchendon. Even the double track for 20 miles has been torn up.

LOUISVILLE.—The Memphis Appeal acknowledges the rebel loss at the hands of the Baldwin troops, was occupied by allied troops, the Bulgarian and German troops having been driven out by the steady advance of the allied armies. The recapture of the city came on the anniversary of its capture in 1812. It has been in the hands of the central powers ever since the overthrowing of Serbia. The temporary capital of Serbia will be established at Monastir.

REMBIE.—On the first day of November the thousand German shell struck the Cathedral of Reims. Ever since the recent French drive at Verdun salvoes of shells have been poured into Reims daily, many of them striking the cathedral. Four of the flying bombs have been demolished. Other parts of the beautiful architecture and statuary have suffered irreparable damage.

CHICAGO.—Ruth Bancroft Law, a Chicago girl, took all laurels for American aviation. In a five year old Scout plane she set a record of 466 miles, a record for the day's flight, was 723 miles, a new mark. She did this in a flying time of 6 hours and 32 minutes. She started from Grant park and flew to Binghamton, N. Y., taking all the time any man Victor Cariere, who in his C. L. 1000, New York trip made a nonstop record of 490 miles and a day's flight of 852 miles.

## 25 YEARS AGO TODAY

NOVEMBER 20, 1891.

CHICAGO.—As a result of a series of disastrous collisions on the elevated railroads of Chicago while a dense fog prevailed an ordinance will be introduced in the city council designed to prevent such accidents in the future. The ordinance will provide for the construction of a series of a series of a series of all trains from all stations during heavy storms or while the atmospheric conditions are such as to make traveling dangerous. The deaths of three

POWDERS BETTER THAN  
GREASE FOR BABIES.

SHOULD a baby be dusted or

greased? To decide this important question, Dr. Emelyn Codding read what was the most contested forty-seven professors. Finally she sent out four thousand letters of inquiry—one thousand to baby specialists and one thousand to general practitioners of medicine, one thousand to hospitals, and one thousand to nurses. She found a great assemblage of opinions.

After carefully analyzing them,

she found the bulk of opinion to favor

powders rather than greases and

ointment for normal babies over ten days of age.

The best powder was one that was

blended and smooth, well absorbed

and did not choke the pores of the

skin. What was the best powder?

For ordinary uses powders not only

are preferred, but should be.

They are cleaner, more soothing, and

do not have to be washed off.

Do powders do more what the babies

like to play with the box—and that

is very dangerous?

## YACQUIS ROUTED IN FIGHT; LEAVE DEAD ON FIELD

### Mexico Scoffs at Border Revolt Reports.

Nogales, Ariz., Nov. 18.—(UPI)—Advises to the Nogales Herald by Mexican troops Wednesday morning to turn the title of Yaqui Indian victories on the Sonora war front along the eastern slope of the Sierra de Baco when they surrounded 500 Indian warriors, victory in the recent Las Areb battle, and put them to flight with heavy casualties after a conflict lasting more than an hour. The Indians lost 100 and 15 men. The Yaquis lost 10 on the field, many dead and wounded.

Call Revolt Talk "Bluff."

El Paso, Tex., Nov. 19.—(UPI)—Mexican officials at Texas border points decline to become alarmed over persistent rumors of an impending rebellion.

Statements by Adolfo de la Huerta, former provisional president of Mexico, and his brother, who said that rebels were well prepared to start a revolution were characterized as "big bluffs" by Gen. Ramon Lopez.

Gen. Lopez said he was amused by a manifesto issued by Gen. Nicholas Fernandez, former follower of Francisco [Pancho] Villa, calling on Chihuahua citizens to rally to the support of Huerta in a movement to overthrow the Calles government.

Rebel Killed in Brush.

Mal. Jose Flores, chief of Lopez' staff, returned to Juarez yesterday with a small detachment he led in pursuit of 16 rebels said to have crossed the border under Fernandez to organize the former soldiers of Villa, and to Chihuahua after the bandit leader was slain. Flores reported killing one rebel in a skirmish at Pulpito, Chihuahua.

Gen. Lopez denied rumors that Col. A. E. Moreno, known as a rebel agent, had been executed at Chihuahua City. De la Huerta, who lives in Los Angeles, said he had taken no part in the head of his sympathies in Mexico when the time was opportune.

Urge Call to Def. U. S.

Mexico City, Nov. 19.—(UPI)—A group of about 20 members of the chamber of deputies, representing various political factions, has sent to President Calles a message regarding the latest note of the United States government to Mexico regarding the land and oil laws.

It is insistently reported," says the message of the deputies, "that the last note of the United States embodies demands incompatible with the respect due to Mexico's sovereignty.

"The same reports say you are willing to perish rather than submit. Having decided to take a place of honor among the greatest men of the world, the undersigned, both as Mexican and members of the legislature, will support your energetic patriotic attitude, being ready to participate in all dangers and sacrifices."

### PIRATES' LAIR

**7 Policemen Suspended  
After U. S. Rum True Bills**  
Three sergeants and three patrolmen of the South Chicago district, all of whom recently were named in liquor indictments in federal court, were suspended for thirty days by order of Chief Collins yesterday. The sergeants are Charles A. John Tracy, and John White, and the patrolmen Stanley Swirz, Thomas Havigan, and Michael W. Wilm. Patrolman Leo Jacobsen of the Hyde Park station was named in the same order.

**Sophie Tucker Must Pay  
London Showman \$1,940**  
[Chicago Tribune Photo Service]  
LONDON, Nov. 19.—Sophie Tucker, the American actress, now appearing in "Le Main's Affairs" at a Chicago theater, was ordered by a London court today to pay \$1,940 for breach of contract with the Julian White production company. The singer did not appear in the London show because she had to return to the United States because of the death of her mother.

Great Britain has asked the United States and Japan to help suppress the piracy along the South China coast, which has caused heavy losses among ships. This is the headquarters of the pirates.

### 103 VIGILANTES ARMED TO GUARD BANKS IN COUNTY

(Pictures on back page.)

It's going to be a hard winter for bank robbers in northern Cook county. It was indicated yesterday at Des Plaines when 103 vigilantes from various suburban towns were armed to combat with outlaws.

Chief of Police Christian A. Wegner of Des Plaines directed that the men be drilled several months in marksmanship. They are residents of the towns that will be guarded and have places of business near the banks.

The protection plan is sponsored by the Northern Cook County Bankers' Association.

**Brothers Held as Slayers  
of Girl Friend's Mother**

John and Sammy Scarpina, brothers, 480 North Green street, were held to the grand jury yesterday. They were charged with the murder of Mrs. Mary Scarpina, 118 Grand avenue. They, police say, resented her refusal of permission for them to call on her daughter, Margaret.

Gen. Lopez denied rumors that Col. A. E. Moreno, known as a rebel agent, had been executed at Chihuahua City. De la Huerta, who lives in Los Angeles, said he had taken no part in the head of his sympathies in Mexico when the time was opportune.

## LEVEL OF LAKES RISING, CANADA EXPERTS ADMIT

Official Figures Support Chicago Position.

From an official Canadian report yesterday came proof that the levels of the great lakes are rising, despite the diversion of water, in direct contradiction of arguments made in denouncing the so-called "colossal water steal" by the sanitary district.

Studies by independent engineers have shown the water lines, lowered by climatic conditions, to be coming up again, and the Canadian hydrographic office to verify the information, which has been tactfully avoided in the anti-Chicago propaganda.

In the diversion suit, now pending before the United States Supreme court, the complaining states, allied with Canadian power interests, have charged that the falling lake levels are disrupting ships and are a menace to navigation.

Increase in October.

The Canadian hydrographic office report, however, sent out by the department of marine and fisheries, shows that the lakes are at levels higher than a year ago, but that they were higher in October than September. For the last ten years all the lakes have averaged lower in October than September.

Here are the October, 1926, figures:

Lake Superior	1926	No. ft. higher than Oct., 1925
Lake Huron	0.34	0.29
Lake Erie	0.66	0.43
Lake Michigan	0.60	0.70
St. Lawrence river	0.22	0.44

The readings were made from government gauges at Port Arthur, Goderich, Port Colborne, Kingston, and Montreal by Charles A. Price of the gauge division, whose report is countersigned by F. Anderson, chief hydrographer.

Lake Michigan Higher.

Although no statistics were compiled for Lake Michigan, which lies entirely in United States territory, recent findings by Mr. Ramey, sanitary district engineer, show a fifteen inch rise in its level since last January, bringing it up to higher than normal.

Abundant rainfall over the Great Lakes watershed this season bears a direct relation to the upward climb of the water levels, nine years of low water and sub-normal rainfall, according to Mr. Ramey, whereas the Chicago diversion is comparatively inconsequential.

The striking similarity of conditions in 1925 and 1926 to those of 1895 and 1896 has been noted by both the cycles of generally low and high levels cover periods of from five to twenty-five years and that a steady rise is ahead.

Supports Illinois View.

This is also the view of Frank H.

## PRESIDENT OPPOSES DEMOCRATIC MOVE TO REPEAL AUTO TAXES

(Chicago Tribune Press Service.)

Washington, D. C., Nov. 19.—[Special.]—Repeal of automobile taxes, as advocated by Democratic congressional leaders, does not meet with the approval of President Coolidge. The President's view is that the tax is justified in view of the expenditures made by the federal government for road construction.

Automobile manufacturers and users, the President thinks, ought to be satisfied with the very generous reduction in the 1926 revenue act, when the rate on passenger cars was cut from 5 to 3 percent, and later on it was found to be advisable, in his general view, that some tax may properly be collected from this source as long as the federal government continues to help in highway improvement.

The statement of the President's position is to the effect that the tax on this proposition will be sharply drawn in congress. Repeal of all automobile taxes is regarded by many of the Democratic leaders as essential. They think this action would benefit the small farmer, whose earnings are too small to be affected by income tax, but who is obliged to maintain an auto, but who is obliged to maintain an auto.

Increase in October.

The Canadian hydrographic office report, however, sent out by the department of marine and fisheries, shows that the lakes are at levels higher than a year ago, but that they were higher in October than September.

For the last ten years all the lakes have averaged lower in October than September.

Here are the October, 1926, figures:

Lake Superior	1926	No. ft. higher than Oct., 1925
Lake Huron	0.34	0.29
Lake Erie	0.66	0.43
Lake Michigan	0.60	0.70
St. Lawrence river	0.22	0.44

The readings were made from government gauges at Port Arthur, Goderich, Port Colborne, Kingston, and Montreal by Charles A. Price of the gauge division, whose report is countersigned by F. Anderson, chief hydrographer.

Lake Michigan Higher.

Although no statistics were compiled for Lake Michigan, which lies entirely in United States territory, recent findings by Mr. Ramey, sanitary district engineer, show a fifteen inch rise in its level since last January, bringing it up to higher than normal.

Abundant rainfall over the Great Lakes watershed this season bears a direct relation to the upward climb of the water levels, nine years of low water and sub-normal rainfall, according to Mr. Ramey, whereas the Chicago diversion is comparatively inconsequential.

The striking similarity of conditions in 1925 and 1926 to those of 1895 and 1896 has been noted by both the cycles of generally low and high levels cover periods of from five to twenty-five years and that a steady rise is ahead.

Supports Illinois View.

This is also the view of Frank H.

## BANKERS JOIN HUNT FOR LOST A. AGGERBECK

Fifteenth Court Delay in Fugitive's Case.

Officials of two Chicago protective organizations yesterday began a large-scale search for Anton A. Aggerbeck, a fugitive's face staring a daring jail break at Fort Myers, Fla., last August, and wanted for confidence and check fraud charges.

The search was actively taken up by the Chicago crime commission and the Aggerbeck association, after Judge Willis V. Brothers, in Criminal court, today gathered at the office of the secretary of war to bid good-bye to Gen. Hines, who has been assigned to the Ninth corps area, with headquarters at San Francisco.

Officers in the war department late today gathered at the office of the secretary of war to bid good-bye to Gen. Hines, who has been assigned to the Ninth corps area, with headquarters at San Francisco.

## FINANCIERS POST \$20,000,000 AS MAIL SALE NEARS

### Bankers Leave to Bid for C. M. & St. P.

BY PHILIP KINSLEY.

Upon arrival in Chicago yesterday, attorneys representing the great New York banking group that is expected to buy the Chicago, Milwaukee and St. Paul railroad at the foreclosure sale at Butte, Mont., next Monday, ask \$20,000,000 in cash for the railroad's vast pocket and handed the papers to Attorney Herbert A. Lundahl, special master who will conduct the sale for the federal court.

This was in the nature of earnest money, showing that bids to this amount were to be made in New York when the bidding is commenced. At the same time, in accordance with the instructions of the court, the eastern lawyers filed a plan of reorganization of the railroad which has been decided upon by the majority bondholders. This is known as the Kuhn-Lobell plan, which designated a year and a half ago, and since modified the operation in the courts.

Leave for Butte.

After conferences for the receivers and the bondholders, attorneys, receivers and Mr. Lundahl left at 11 o'clock last night. The sale will be conducted in the St. Paul station at Butte at noon Monday and no other bidders will be allowed to bid. The sale will take two hours. They have been asked to put down their money and plans, and the Chicago offices of the special master in the Union station will be kept open today and tomorrow for the purpose of receiving bids. Mr. Lundahl also may be handed the bid.

The party will return to Chicago at once after the sale and the bids and plans will be presented to Judge James H. Wilkerson. He will hear objections to the plan on Dec. 15. The defense committee, headed by Edwin C. Jameson, will oppose the Kuhn-Lobell plan at that time.

Must Then Seek Permit.

If Judge Wilkerson approves the plan, the next step is an application to the Interstate commerce commission for authority to take over and operate the property and to issue new securities. If this is granted early in the year, as the reorganization managers expect, the receivership will terminate, and the new road, known as the Chicago, Milwaukee and Pacific, will be in full operation.

It is said that the new owners expect to spend a million dollars in an advertising campaign to popularize the road.

Jerome J. Hanauer, operating head of Kuhn, Lobell & Co., and author of the reorganization plan, and Pierpont V. Davis, vice president of the National City bank, are the leaders of the group.

Mr. Davis and Donald C. Swanson, attorneys for the reorganization committee, were the ones who deposited the \$20,000.

Frederick H. Ecker, chairman of the bondholders' committee, will join the party at St. Paul. H. E. Byram, recently operating head of the road, and Mark W. Pottet, a member of J. B. Sundstrand, receivers, were also in the westbound group.

The legal expenses of the reorganization will run into millions.

### CARDINAL TELLS ABOUT PAPAL LAW ON ANNULMENT

ROME, Nov. 19.—(AP)—A prominent cardinal who has had important connections with the American embassy to the papacy has told the author of the book that the pope, nor the sacred college, can annul a marriage except under the conditions established by the canon law.

"I challenge any one to find that any annulment of marriage has not been due to one of the 'impediments' as we call them, such as canonical impediments rendering marriage null and void," he said.

"It cannot be claimed that wealth or influence has any weight in deciding annulments, because the largest number of cases submitted to the ecclesiastical courts concern obscure people. Indeed, when these persons are poor, the proceedings of the various courts are carried free of any charge."

DRIPS DEAD IN LOOP. John Hanson, 50, of 2414 North Aspinwall, died Saturday of a heart disease early in the morning on the platform of the Quincy street elevated station.

## DOUBLE ACTING

When you use Calumet Baking Powder you don't have to use extra precaution. It insures success, because it is double acting. Contains two leavening units—one begins to work when the dough is mixed, the other waits for the heat of the oven, then both units work together, safeguarding every step in the process of baking. MAKES BAKING EASIER.

## CALUMET THE WORLD'S GREATEST BAKING POWDER

SALES 2½ TIMES THOSE OF ANY OTHER BRAND

### FOCH REPLIES TO KING OF BELGIANS; DISAVOWS INTERVIEW ON THE WAR

PARIS, Nov. 19.—(AP)—In a brief and extremely polite letter to King Albert of the Belgians, Marshal Foch disavows the interview, but neither confirms nor denies the accuracy of the comment accredited to him by Stephane Lautens in Le Matin, to the effect that the marshal persuaded Albert not to allow the Belgian army to retreat to the Esca river in 1914.

The marshal writes:

"I have granted interviews to no journalists, and when M. Stephane Lautens called on me on Oct. 7 last, it was for an altogether different purpose than the one which you attribute to me. Write to your majesty today."

"Being thus entirely unconnected with the Le Matin article of Nov. 11, I disavow altogether the recital and consequences of the article which prompted your letter on Nov. 13."

"Living in memory of the past, always present before my eyes, I faithfully retain—as I believe I often show—sentiments, born in batches, of high esteem and attachment to the Belgian army and deep respect for its king."

Incident Closed, Belgium Holds.

BRUSSELS, Nov. 19.—(AP)—The Belgian court today published the text of Marshal Foch's letter to King Albert. The court considers the incident closed.

NEED \$175,000 TO AID ILLINOIS FLOOD VICTIMS

### Red Cross Worker Tells of Losses.

An adequate fund for relief and rehabilitation work in the Illinois flood area was estimated last night by Paul Detmer, director of Red Cross relief forces at work in and around Beardstown, where \$150,000 and \$175,000. To date \$47,500 has been contributed, and it is expected that the amount will be doubled with which the money has been raised.

The field marshal treats Mr. Lloyd George with particular faithfulness. He says that he was intent on taking "the military direction of the war" and that many of the soldiers and statesmen of the allied nations, whom he writes, as I have said, certainly with candor and as certainly not without a certain prejudice, Sir William is one of those uncomfortable, and I most sincerely hope, further persons who believe that an army of victory is the only way of his story that victory can only be won if the soldiers count for everything and the statesmen count for almost nothing.

"Lord Raingo" Is Good Novel by Every Standard

By FANNY BUTCHER.  
"Lord Raingo," by Arnold Bennett. [Doran.]

There has been so much publicity about "Lord Raingo," arguments for the fact that

Arnold Bennett did or didn't use real men for models for his characters, that the literary charm or merit of the novel has been passed by entirely and the book looks up to a piece of starting news. We aren't interested, really, in the highest whether Arnold Bennett or G. Wells got fun in the political ideals of England. We may try to persuade ourselves that we are, and may talk about it with vivacity, but really we can't get a single grip of the heart over the matter. We are, all too well versed in the methods of American

ARNOLD BENNETT.

politicians who might have as their motto, if they haven't, the old slogan, "Every knock's a hit." At any rate, "Lord Raingo," like "The World of William Cimold," by H. G. Wells, reaches American readers as a piece of literature and nothing else.

I have felt for many years that Arnold Bennett had been accepted for the labels which he wears and reads, and that he is a dandy in his own right.

There was such a furor about him when his first books were published that he became one of the "great English novelists" and many of the very readers who would enjoy him most have got the idea that he

At a matter of fact, there isn't any

one writing in English just now who has the special gift which is his—a gift of portraiture of the obviously interesting, who are not the wife of any one, but the shy and rather mediocre person (on the outside) who sees himself or herself as a comic character, which, really, we all are, when you come right down to it. We're pretty queer, and those of us who see the queerness with the humor of the book have a great deal more advantage over the rest of the world so far as the eternal attempt at adjustment is concerned. Arnold Bennett likes to picture the kind of person who knows he's a fool and sees how others are fools, but calmly takes such a state as the normal state of mankind.

"Lord Raingo" is the story of just such a man, a mediocre, unfulfilled person who has made millions, but has never been able to enjoy them, whose wife is an entity but not the entity that he fundamentally wants, who has a love affair with a typist (which isn't either degrading nor especially Olympic), and who is a good typist, and the press and finally finds himself the head of the ministry of records and a lord. Lord Raingo sees the comedy of it quite as much as any reader of the book could ever see it. And it is that delightful quality of a sort of spiritual comedy, the clowning and the gesturing that makes this book, like all of Arnold Bennett's books, perfectly delightful.

This is something much more than just that, however, for it is a clever and not unbarbed satire on the workings of the war cabinet in England during the hectic days when politics were managing the nations of the world. The author is more or less a prime minister—who might be like Lloyd George or not but who is a perfect joy of a schemer, whose only real personal influences are an old mother and a good looking secretary. There is a delightful minister of labor who never misses a chance or fails to make one to make his identity known.

"Lord Raingo" is by every test of a novel a good one. It has substance and weight and a satirical honesty and is, naturally, written with the utmost skill and (to me, at least) great charm.

## BOOKS

"The New Universe," by Prof. Baker Brownell, Outlines Everything

By Philip Kinney.

*The New Universe*, by Baker Brownell. [D. Van Nostrand.] With a suggested bibliography of 229 books by eminent scientists and philosophers attached, "The New Universe," by Baker Brownell, professor of contemporary thought at Northwestern university, would seem to have plenty of authentic background.

It is another "cutline," but it has the distinction of being the first to embark on everything, and the evolution of stars to the building of new boulevards in Chicago. Where other outlines stop with science, religion or literature, this book seeks to orient the average reader in conceptions of cosmic structure and process, modern life's ultimate values and generalities.

Mr. Brownell bluntly admits that some of it is hard reading. He tells the reader in advance just which chapter is going to be difficult, and then goes ahead in a rapturous, yet workmanlike manner, to discussions of the relativity of space, time and motion, the quantum theory of energy, metabolism, evolution and the warning schools of psychology.

Mr. Brownell calls his book, which must have taken years of work and much hard and loving thought, a "cutline." He adds, "I know that it will be a book of the whole world." He writes, "a tune for the new universe, a poem, more or less, on themes in general." And it is poem, more or less. Take this sentence:

"For the Democracy of God is all pervasive. The skies are burdened with him; the little birds bear him in their songs; the clouds are heavy with

## CONFESIONS

all over the country. "It opp all dafing" become a cult. Now Mr. Gross has done another book, called "Hiawatha who No Odder Power," in the same fashion. To celebrate that as well as just to find out what he'd say, anyone, we asked Mr. Gross what he would rather have written than any other. He answered:

Dear Miss Butcher:

The piece of writing that I like best and would rather have written than anything else is not a book. It is a stanza—the opening lines of the Eve of St. Agnes by Keats. They are as follows:

"St Agnes Eve—ah, bitter chill it was, The owl for all his feather was a-creepin'—The horse-hoofed homeward through the frozen grass, And silent were the sheep in woolly fold."

*MILT GROSS*

his presence, and every part of life is all of life."

While much of the book is based on the reports of scientists, Mr. Brownell feels that there are too many things that scientists have not noticed, and others which they would do well to let alone. As for these latter he

"Beyond science, the scientist as such has no more right to deny than to affirm. He cannot rightfully judge spiritual interests and realities by scientific criteria, and he would do better to go on investigating to these foreign lands, and as a human being to try to understand them."

Mr. Brownell leans to the behavior-

ist school of psychology and finds in the Freudian technique a suggestion of much work to be done. Politics, industry, religion, all are taken out of their compartments, fused into the compact picture of time and events.

One gets a new sense of the proportions of new beauty, and a firm grip on the validity of the "I know of the spirit." The world of description and the world of appreciation are brought together here. Studies in matter, social policy, personal values, and philosophical modes are all in this 400 pages, without any effort to unload a new creed or too much personal opinion.

## The Pulse of Progress

WITH A SKETCH OF JEWISH HISTORY

By Ellsworth Huntington

Author of "The Course of Kossuth"

Dr. Huntington focuses all his experience as a traveling geographer, a student of climate, and an ethnologist on the great causes of the progress of civilization. In discussing environment, heredity, and other physical conditions affecting mankind, he employs the same lucid style that has made his other books so popular.

One of the most interesting features of the book is that part in which he divests the Bible of religious significance to look upon it as a human document presenting an excellent sketch of Jewish history.

## Radio Carries Cadman Songs, Indian Lyrics

Composer Playing and  
Miss Eberhardt Singing.

### By ELMER DOUGLASS.

The radio travlogue, "In Tulip Time [Holland]," by the Rev. Richard E. Cadman, was the musical feature of last evening. It is of considerable significance to say one heard the famous "From the Land of the Sky Blue Waters," "At Dawnning," and many other famous songs authentically played at their pitch by Mr. Cadman and sung by Constance Eberhardt, for many years his assistant. May Cadman, student of American Indian tunes and music long, live long to give us more of his treatment of their themes.

One of our younger physicians, departmental wizards, stepped into my room during the Harmonies program from New York City, through WLIS, 7:30. Upon being asked to guess the name of the instrument, he stretched his arms back and forth quickly, and said: "A square box." It was the harmonica an accordion.

The University of Wisconsin football banquet speeches, WMHQ, 8 to 9, had a lot of pep in them, with plenty of college yell for background. The talks by Glenn Frank, president of that university, and by Ray Schalk, were, perhaps, the highlights.

The operetta, "Prince and Prodigy," WMHQ, 9 to 10, presented by the Pullman Tech Glee club, was of interest to us in being the joint work of Wallace B. Graham and Hilda Butler, both originally from Milwaukee. Mr. Graham, accompanist on the piano, and Mr. Graham was one of the soloists. The work was doubtless intended for performances in schools.

### TRIBUNE COOK BOOK

By JANE EDDINGTON.

#### Sweet Potatoes vs. Chestnuts.

Last year an Italian woman, of family, who was brought up on chestnuts, as all Italians of one section of Italy seem to be, recommended to me the making of a famous, we might call it international, dessert, the Montblanc, with sweet potatoes instead of chestnuts. She said:

"The original Montblanc is not easy to prepare because it takes so long to peel the chestnuts, one by one. Moreover, except for a brief season, it is hard to get chestnuts here. Sweet potatoes, carefully boiled, then mashed, and finely sweetened and flavored with vanilla and chocolate, form a dependable substitute that a real gourmet could hardly distinguish from a chestnut Montblanc. To one pound of sweet potatoes, carefully mashed, add half a pound of sugar, mix carefully, then add three ounces of chocolate, melted, and mix until sugar and chocolate are thoroughly melted. Add vanilla after you have taken the mixture off the fire. Pack in glasses with paraffin over them, and keep ready for use. Excellent for Sunday evening when the supper is light."

In writing this out for me my mother, on this subject, prefaced the above as follows: "The real Montblanc is a favorite dessert in Italy and consists of mashed chestnuts, flavored with vanilla and chocolate, sweetened to taste, then sliced through a potato ricer. When cut in a circular shape, the slices are arranged in a ring, this is covered with whipped cream—the Montblanc—adorned in the center of the circle."

A recipe for the chestnut dessert by this name will be found in Miss Farmer's book, and in one great American chef's book, one of the best potato menus ever. The best sweet potatoes are nearly the same flavor as chestnuts, and are often substituted for them, wholly or partly in chicken stuffing and purées.

And again he says, under "chestnut force": "That which is named in the bill of fare is not always the real thing, it is often made of sweet potatoes. If made genuine it is pounded chestnuts, butter, cream, eggs, grated ham, onion, lemon, rind, eggs, salt, and pepper. Used to stuff chicken, fowl, or sucking pig."

Bright Sayings  
of the Children

The Tribune will pay \$2 for each child's saying printed. The story told must never have been printed in any magazine or newspaper, or given to any radio station, or return unsolicited to the Tribune. Write on one side of the paper. Address bright sayings to Aunt Mary, The Tribune, Chicago.

We were leaving for the theater one evening when our little boy, aged 4, heard our preparations and called out from the bedroom, "Where are you going, mamma?"

"We're going to the theater, sonny, but Grandma will stay home with you and sis."

"All right, mamma," he answered reassuringly. "I'll take care of grandma 'till you come back." W. S. B.

Billy was vaccinated, and for being brave this morning he was given seven dollars. He wrote to his cousin, and this was part of his letter: "I got three \$ for having a small pox put on my arm." C. S. C.

**Mrs. Kellogg Fairbank Goes East for Rest from Recent Activity**

BY NANCY R.

If you've tried to reach Mrs. Kellogg Fairbank lately, you have no doubt discovered that she, wise lady, has skipped off for a ten days' trip to the east, and for a bit of a rest after her busy days and nights as a member of the executive committee for the queen's visit.

She is accompanied to the east by both her sons, Lester Jr. and Benjamin, who are in school in Massachusetts, the former at Harvard, and the latter at Milton. She's planning to take in the Harvard-Yale game today. And on her way home—she's to be here for Thanksgiving—she's stopping off for a day or so with Mrs. Edward T. Stotesbury in Philadelphia.

The Hubbard Carpenters will also be at the Harvard-Yale game this afternoon—they left Chicago on Thursday, and are to be away just over the weekend. And I heard from them this morning and learned that the young Billy Boydans, will be a part of the large Chicago contingent watching this thrilling football match.

Already those restless folk who wing their way south as soon as Christmas is a thing of the past are beginning to census timetables and reservation lists in preparation for the annual winter flight. I understand that the Alaskander Revels are going Floridaward shortly after the first of the new year and will be at the Whitehall in Palm Beach, for the southern season.

As for news of visitors to this part of the world, word has just reached us that that popular and ranching pair, the Malcom Moncreiffes, are to spend the week-end after Thanksgiving with their nephew and his wife, the young "Jack" Walkers (formerly, if you please, the "Miss J. Walker") at their charming white cottage out in Lake Forest. Mrs. Moncreiffe is the former Amy Walker of Chicago.

**Day's News in Society**  
Mrs. Robert B. Gregory was elected president of the Arden Shore association at the annual meeting held yesterday noon at the Women's City Club. The other officers are Mrs. Frederick G. Wacker, president; Mrs. Marcus D. Richards, first vice president; Mrs. William J. Wallace, second vice president; Mrs. Joseph S. Glidden, recording secretary; Mrs. Frank W. King, corresponding secretary, and Mrs. E. D. Parmales, treasurer.

The new directors at large include Mrs. William E. Casselberry, Mrs. William E. Clow, Mrs. Jay S. Glidden, Mrs. Carl R. Latham, Mrs. Bruce MacLeish, Farwell Turn.

The town chairmen are Mrs. Lloyd Smith Shaw for Chicago; Mrs. Ernest Palmer, Evanston; Mrs. Leslie F. Gates, Wilmette; Mrs. Mark W. Creap, Kenwood; Mrs. Hubert H. Howland, Winnetka; Mrs. Henry P. Pope, Glenview; Mrs. Robert Folley Walker, Glenview; Mrs. George Richardson, Lake Forest; Mrs. George Richardson, Lake Bluff, and Mrs. George E. Van Haren Jr. for Barrington.

Mrs. Margaret Sinclair, daughter of Mr. and Mrs. William J. Sinclair, of 449 Dunning place, made her debut at a tea given yesterday afternoon. Amongst were Miss Susan Adams of Durban, Ia.; Miss Charlotte Drun, Miss Barbara Neff, Miss Jane Schutte, Miss Ruth Etting, Miss Pauline Wolf, Miss La Verne, Miss Grace Gandy, Miss Belle Sturges and Miss Jean Logan. A dinner at the Blackstone and a theater party followed the tea.

The enticing Georgian silver, old Sheffield plate, and fine old furniture the Bremner Lemon collection of Louisville, Ky., which went to the Arts club last year, is to be brought back. The club announces a tea this afternoon to open the exhibit. Reciting and pouring at the tea tables will be Mrs. Charles B. Goodspeed, the music chairman, Mrs. Potter Palmer, Mrs. Walter Boyd, Mrs. Alice Roulston, Mrs. W. W. Eliot, Mrs. Kenneth Sawyer Goodman, and Mrs. Wayne Chaffield-Taylor.

Mrs. James Orlis Hinkley and her niece, Miss Katherine Putnam of Lake Forest, are to give a luncheon tomorrow for Miss Katherine Thorne, debutante of Mr. and Mrs. Robert J. Thorne.

Mr. and Mrs. Arthur A. Burrows of Lake Forest are to give a luncheon, also tomorrow, for Mrs. Herbert Dowd, wife of Honolulu, who is their house guest.

There will be a number of dinner parties to take place tomorrow evening before Mrs. Arthur Burrows' luncheon and buffet supper at the Lake Shore Drive hotel. Mrs. Augustus A. Carpenter is to be a hostess at one of them. Nicolai Orlow, pianist, is to give the program.

Mr. Jay Corydon Taylor of 1128 Lake Shore drive is to give a tea from 4 to 6 o'clock at the Drake on Monday for Mrs. Henry Riggs Rathbone. There are to be 50 guests.

Mr. and Mrs. Cornelius M. Trowbridge and Miss Katharine, their daughter, Cavin Trowbridge, went up to Milwaukee for the wedding on Wednesday of Miss Constance Mariner, daughter of Mr. and Mrs. John W. Mariner, to Joseph D. Patton, son of Mr. and Mrs. Luddington Patton. The wedding was one of Milwaukee's smartest, and the bride and groom were invited to the home of Mrs. Herbert Young Jr. in Cedar street, are receiving congratulations upon the birth on Thursday morning of a son, at St. Luke's Hospital. Mrs. Young was Miss Ruth Bradley before her marriage. The baby is to be named B. Botsford Young Jr.

Mr. and Mrs. Cameron B. Waterman of Detroit are to come to Chicago to spend Thanksgiving with their son-in-law and daughter, Mr. and Mrs. Ralph Leon Farwell of 21 East Elm street. They are to attend the Army-Navy football game.

**Phi Beta Delta Dance.**  
The Phi Beta Delta club will hold a formal dance this evening at the Drake. David S. Katesberg of Corbett is the president.

**St. Mary's Homecoming.**  
The annual homecoming of St. Mary's High school alumni is to take place tomorrow. Miss C. Agnes Evans is president of the organization.

AIDS SORORITY

**Just a Cocktail May Prevent This Middle Aged Match**

BY DORIS BLAKE.

"I am a business woman, 40, a widow, and poor. I have a friend who is a physician—a bachelor—also middle-aged, who has asked me to marry him. The child barrier is not a factor. He drinks. I think it is. When I met him a year or two ago he used to take an occasional cocktail. Now he takes two. Next year, no doubt, he will take three, and so on, ad lib. I am extremely fond of him. If he were ill I cannot conceive of willingly letting any other woman nurse him back to health—but on the other hand there's that whisky bottle. What to do?"

"CORA."

I'm afraid I'm not enough of a prohibitionist to see such holy terror in an occasional cocktail or two. It strikes me that a man who has reached middle age with no more of an appetite for liquor than that is not in imminent danger of becoming a drunkard.

Perhaps this isn't the expected advice from a nice old mid-Victorian auntie like myself—but, however, now, aren't you making a mountain out of a molehill? Or, to be more exact, a whisky bottle out of an occasional glass?

Don't misunderstand me! I'm no more for "drunks" than you are. And I haven't been listening to recitals of misery brought on by alcohol for years without realizing the tragedies it creates. But I think a man has got his liquor appetite, if not temperate, at least tempered. And you visualize him as a possible inmate of a drunkard's home a few years hence. You are not so flattered to yourself. If he had a good wife, he'd probably never look to another cocktail to cheer him. I have seen old men with old wives. The oldsters take to the glass because their systems are a bit run down through restaurant food and their evenings run down for want of congenial companionship.

**WEDDINGS**

Dr. and Mrs. Hugo G. Fisher of Highland Park have issued invitations for the wedding of their daughter, Olivia Mae, to Robert Clegg, son of Mr. and Mrs. Edward Clegg, of 2550 North Paulina street, to take place on Nov. 27 at the Log House, the residence of Miss Fisher's uncle and aunt, Mr. and Mrs. Everett L. Millard. The bridal attendants will be Miss Carol A. Fisher, maid of honor; Mrs. Elbridge Price of Oak Park, maid of honor; Mrs. Millard, Miss Oatherine Price of St. Louis, Miss Alice Woodworth, and Miss Isabel Macfarland of Evanston, as bridesmaids. Lieut. W. Stanley Price of Annapolis is to be his brother's best man, and Elbridge Price, Fred Othman, Mr. Leslie, George B. Biddle, and Robert Clegg of Evanston, and Elmer Murphy of Winnetka are to usher. Mr. Price and his bride will reside in Evanston.

The enticing Georgian silver, old Sheffield plate, and fine old furniture the Bremner Lemon collection of Louisville, Ky., which went to the Arts club last year, is to be brought back. The club announces a tea this afternoon to open the exhibit. Reciting and pouring at the tea tables will be Mrs. Charles B. Goodspeed, the music chairman, Mrs. Potter Palmer, Mrs. Walter Boyd, Mrs. Alice Roulston, Mrs. W. W. Eliot, Mrs. Kenneth Sawyer Goodman, and Mrs. Wayne Chaffield-Taylor.

Mrs. James Orlis Hinkley and her niece, Miss Katherine Putnam of Lake Forest, are to give a luncheon tomorrow for Miss Katherine Thorne, debutante of Mr. and Mrs. Robert J. Thorne.

Mr. and Mrs. Arthur A. Burrows of Lake Forest are to give a luncheon, also tomorrow, for Mrs. Herbert Dowd, wife of Honolulu, who is their house guest.

There will be a number of dinner parties to take place tomorrow evening before Mrs. Arthur Burrows' luncheon and buffet supper at the Lake Shore Drive hotel. Mrs. Augustus A. Carpenter is to be a hostess at one of them. Nicolai Orlow, pianist, is to give the program.

**FARM AND GARDEN** BY FRANK RIDGEWAY

**FRAME WATER GARDEN WITH IRIS AND TALL GRASSES.**

There are many ways to make a background for a water garden. The most common scheme is to stop up back of the tub or pool where tall lilies or other aquatic plants are to be set out blooming plants and plumed grasses.

Iris and ornamental grasses are recommended by August Koch of Garfield park. He says to plant the iris in a warm sand loam just back of the tub and then use tall ornamental grasses immediately back of the iris. This forms an effective setting for water lilies.

In this section the German flags Germanic iris, with hundreds of varieties, may be used. They bloom in May. Iris pseudocorus is a yellow variety that blooms here in June. For later bloomers, plants like the Japanese iris that opens its flowers in Chicago gardens about July.

Pick iris blossoms that do not clash with the water lilies. Avoid using such combinations as yellow and pink. An effective combination may be formed by using Mimulus, known as "Mimulus" or "Fulanthus," just back of the iris plants. This is a tall, ornamental grass that has plumes in bloom in September and October. The plumed grass also makes a nice, dry bouquet. Pennisetum japonicum, not as tall a grass as the other one, starts blooming a little earlier, flowering through August, September, and October.

**DORIS BLAKE ANSWERS**

YES, SPEAK TO HIM.

"Dear Miss Blake: Last Christmas I met a young fellow at a dance. He seemed quite nice, but, however, as we attended different schools we did not see each other for a long time. When I did I was afraid he wouldn't remember me and I didn't say anything to him. Now we are the same school, but he is not in any of my classes."

"I would quite like to know better. I think quite often and every time I see me he stares at me. Would it be proper for me to speak when I see him again? I do feel that I have some chance."

BROWN EYES.

Yes, dear, speak to him and explain your reason for so tardy a recognition; otherwise, he may feel it was intentional and you were trying to cut him.

THE MARRIAGE OF MISS RUTH WEINBERG

The marriage of Miss Ruth Weinberg, daughter of Mr. and Mrs. A. B. Weinberg, of 5150 North Paulina street, to Mr. Edward Lewis, to take place today at the Simeon hotel. A reception and dinner for 300 will be held after the ceremony.

**Hamilton Club Ball.**

The Hamilton club announces its annual yachting ball this evening. Members of the city's yacht clubs are invited, and prizes for the Hamilton club regatta and the Hamilton club trophy race are to be awarded.

\* \*

**Scholarship Fund Benefit.**

The Illinois State Federation of Temple Sisterhoods is to give a benefit performance at the Woods theater at 8 o'clock tomorrow afternoon. The proceeds are to go to the scholarship fund for the Hebrew Union college.

and looking towards the camera.)

## BLACKHAWKS VS. BOSTON HOCKEY MATCH TONIGHT

Duke Keats Stars for  
Invaders.

BY FRANK SCHREIBER.

Chicago's Blackhawk hockey team will face stiff opposition tonight when they clash with the Boston Bruins in a National Hockey league match at the Coliseum. The Hawks and Bruins both won their opening league matches, the Hawks having defeated the St. Patricks of Toronto, while the Bruins beat the Canadians of Montreal early in the week and Detroit Thursday night.

Boston, managed by Art Ross is rated as one of the strongest teams in the league. In Duke Keats, a forward, Boston has one of the greatest stick handlers in the game. Keats weighs 180 pounds and is fast with the puck. He isn't a fast skater, but his ability to hold the puck with his stick has made him one of the leading scorers of professional hockey and his passing is accurate and has a long carry.

Cleghorn Captain Team.

Carson Cooper, forward, was one of the leading goal getters of the league last season, and Boston has won many a match through his ability to net the puck on long shots. Cooper broke into prominence with the Hamilton amateur team which won the amateur championship of Canada four years ago and has been playing professionally for three seasons.

Perhaps the biggest star of the Boston outfit, if not the best known hockey player in the National league to today, is Eddie Cleghorn, who plays a defense position and captains the team. Cleghorn is a slashing type of player feared by his rivals because of his driving power on offensive play. Spurges have been playing professionally for ten years and has participated in more world championship series than any other professional hockey man in the game today. Cleghorn is a two handed hitter, holding his stick with both hands in making a shot, and the puck travels at terrific speed.

Fancy Skaters to Perform.

The Blackhaws put in an afternoon of practice yesterday in preparation for the game. Manager Muldoon had his team working for more than an hour, an effort to perfect his pass and team play, and following the drill announced the lineups of Lehman at goal, Fraser and Trapp at defense positions, and Irvin, Hay, and Dye as forwards would start. McVagh, McKay, Doraty, and Dutkewitz are certain to get into the battle line as substitutes, while Paul, Traub, who was out in injury, and Johnson, who has been working overtime to get into condition, may get a chance.

The same seating system which was used in the opening match against Toronto again will prevail, but there will be a reduction in the cost of tickets, the opening match prices having been raised because the game was played for the benefit of the Junior League.

The game will start at 8:30 and there will be fancy skating and a band to furnish the entertainment between the periods of the match.

## LOYOLA READY FOR ARKANSAS TECH GRID TILT

Loyola and Arkansas Tech took their initial drill yesterday and are ready for their intercollegiate game today in Cedar Park, Texas. Both teams are in top form for the combat and with Capt. Dan Lemont in the Ramblers' lineup for the first time since he was hurt in Mississippi more than a month ago, odds are about even.

The Loyola football team has strengthened the line greatly for Larry Flynn has been shifted back to guard, where he has had more experience than at end. "Smoky Joe" Witry will be used at tackle. Norton, Johnson, Griffin, and Kawies will be the starting backs.

Spencer is rated as the greatest threat of the southwestern team and the full back is a proficient passer and ball carrier.

## S. DAKOTA BEATS CREIGHTON, 6-0, IN TITLE GAME

Omaha, Nov. 19.—(AP)—South Dakota University took the title in the North Central conference football race by defeating Creighton, with a hard fought battle today, 6 to 0. The defeat eliminated Creighton from championship consideration.

The Coyotes' score came in the second quarter when, on an off-tackle play, O'Connor of Creighton fumbled and the alert Coyotes' end, J. H. Harvey, recovered and raced 50 yards for a touchdown. Malone's attempt for goal was blocked.

## BUD TAYLOR TO BATTLE SANGOR

Milwaukee, Wis., Nov. 19.—Bud Taylor will meet Joey Sangor of Milwaukee in a ten round bout here Nov. 23, the opening date of the Creve City Athletic association's winter schedule. Taylor won a decision over the Milwaukee champion on the Pacific coast a year ago.

## Wesleyans Delayed by Snow Drifts; Grid Tilt Canceled

Jacksonville, Ill., Nov. 19.—(Special)—The Wesleyan-Illinois college football game scheduled here today on Illinois field, was canceled by snowdrifts and did not reach Jacksonville until 4 o'clock. The local college students had cleared the Illinois oval of eleven inches of snow and the field was covered with straw to make play possible.

## Illini Club Will Receive Ohio Game Returns Today

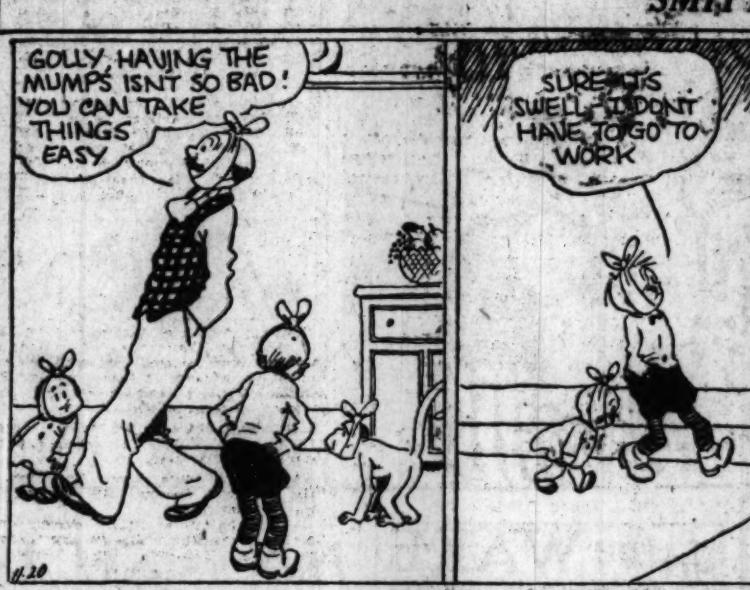

The last football luncheon of the Illini club of Chicago will be held today in the grillroom of the Blackstone hotel. Following the luncheon returns from the Illinois-Ohio game at Champaign will be received.

## MOON MULLINS - WHY DO GENTLEMEN PREFER BLONDES?

## U. S. Open Golf Dates to Conflict with British Meet

New York, Nov. 19.—(Special)—Dates on which America's best golfers will struggle for premier golf honors at the U. S. Open are to be fixed today and by the act broke whatever domination the Royal and Ancient club of Great Britain may have had over this country in this tournament.

June 23, 24 and 25, at the Oakmont club at Pittsburgh, were the dates chosen for the American open championship, while the British open will be held at Royal Troon, Scotland, June 26 and 27. The British open will be held at the Royal and Ancient club of St. Andrews, Scotland, June 28 and 29.

Amateur Play in August.

Dates for the amateur championship, which has been awarded to the Minnetonka club of Minneapolis, were set for Aug. 22 to 28, and the Public

Links championship at Ridgewood, Cleveland, O., Aug. 2 to 6. District qualifying rounds for the open are to be played June 6, and the British open championship will be held at the Cherry Valley club at Gardner City, L. I., the dates to be fixed by the women's committee.

As it is obviously impossible for a golfer to play in both British and American open championships, it is likely the move will result in much less international competition than last year.

Halts International Match.

It is likely that the proposed team match between professionals, slated to precede the American open, will be shelved.

Herbert H. Ramsay, secretary of the U. S. G. A., said no effort would be made to have the date of the amateur open, especially if William C. Fownes Jr., president, had been in a conference with British officials in a conference with British officials their open championship probably would be set for earlier in the year.

## C. A. A. Men Enter Tribune Harrier Race

### ENTRY BLANK

#### Fourth Annual Cross Country Run

TRIBUNE A. A.

Please enter my name for The Tribune's cross country run:

Name: \_\_\_\_\_

Address: \_\_\_\_\_

Association or Club: \_\_\_\_\_

#### A. A. U. Registration No. \_\_\_\_\_

Entries must be in the hands of Harland Rohm, Tribune Tower, 2 p. m., Nov. 24.

#### BY HARLAND ROHM.

A strong team of Chicago athletic association harriers was entered yesterday for The Tribune's fourth annual cross country race, to be held in Washington park, Sunday afternoon, Nov. 25, by S. H. Darwent, athletic director of the club. Eleven men, most of whom are established distance stars, compose the team, and their ability should go a long way to adding another trophy to the hundreds which repose in the C. A. A. trophy cases.

#### Nursing Conqueror Entered.

Among the eleven is H. R. Phelps, formerly of the University of Iowa and Central A. A. indoor two mile and outdoor 1000 yard champion and a member of the Olympic team, and Leo Lariviere, former of Holy Cross University, who holds the distinction of a victory over Paavo Nurmi. The duel between these two stars should be well worth watching.

Most of the other members of the team are former university distance stars, and the club's cross country team, which has won the last three years in a row, is also represented.

Chicago's cross country team, Chicago, is also represented.

Links, Delight and Cuban Fly ran.

GENERAL NOTES

Finance

## WHEAT BREAKS TO LOW ON CROP; CORN IS HIGHER

BY CHARLES MICHAELS.

Liquidation was on in wheat with all deliveries breaking badly to a new low on the crop. December was down to \$1.32% and May to \$1.36%, the latter showing 3¢ below the finish on Thursday. The close was at net losses of 2½@25¢, with December, \$1.32@1.31%; May \$1.37@1.37%; and July \$1.30@1.31. Much better weather in Argentina with a break of 3¢ in Buenos Aires had considerably influence on the trade.

Corn showed independent strength and closed 34@3¢ higher with December 7½ to 7¾¢, May 80¢, and July 83¢. Oats were unchanged to 4¢ lower, with December 4½¢ and May 4½¢. Rye was 4¢ lower, with December 80¢, and May 87¢.

Longs Bell Wheat Freely.

An outstanding feature of the wheat market was the lack of aggressive buying and the huge late Thursday had apparently cut down the short interest materially, as the bulk of the support for a time came largely from holders of bids. The sellers of the latter were forced to protect themselves on the way down, and some short local orders in the hands of commission houses were uncovered in May when it broke into new ground for the season.

Weather in Argentina was clear and favorable, and the Buenos Aires market was weak from start to finish with the December delivery the only showing 5¢ under the finish. Monday, while Chicago is off 3¢ during the same period, Liverpool was strong and 14¢ higher early, and had some effect here at the start when the best prices of the day were made, but that market soon faded later and closed 3¢ to 12¢ lower. Winnipeg was weak and 3¢@3½¢ lower.

Export demand for wheat was fair with sales of 500,000 bu in all positions, including some domestic via the gulf, while premiums were ½¢ higher as compared with Chicago. December. The spot here was 10¢ lower than the farm price. Mills were reported as drawing on public elevators at Kansas City for supplies. Crop reports from Australia remain favorable, while private cables bulletin damage talk in Argentina, although one cable estimated that the export market would not exceed 150,000,000 bu or 200,000,000 bu under the average expectations of the trade.

Strong Market in Corn.

Corn was strong from start to finish, and while dipping at one point in sympathy with wheat rallied quickly as soon as pressure let up, and the finish was well toward the top. Weather conditions over the central west were unfavorable, and the cash basis firms, while counter offers had arrived were decidedly sold corn and bought wheat for a good profit in their operations. Commission house buying appeared on all the spot.

Weakness in wheat was the main influence on corn in a lower range of oats and rye values. May oats on the break, while elevator interests bought December and sold May at 4½¢ difference. Canadian market has been revised upward and is now plus 10¢ to 312,191,000 bu, against the returns of 284,777,000 bu on Nov. 11, and compared with 513,384,000 bu harvested last year. The latest sales of rye at the seaboard the last two days were placed at 800,000 bu, the best business in weeks.

GRAINS-IN-ALL MARKETS

## CASH-GRAIN NEWS

There was a fairly good export demand for wheat at the seaboard, with sales of 500,000 bu in all positions, including 50,000 bu hard wheat from Liverpool, with a fair amount of demand for November and December. Turnings exports for November and December were ½¢ higher at 13½¢ over Chicago December, and 10¢ higher at 13½¢ over Liverpool. Turnings exports for December were estimated at 200,000 to 400,000 bu. A little better sales were reported in Chicago, with 100,000 bu to 120,000 bu sold to go to stores. Turnings demand for cash wheat had shown a little better, but the disposition at the last few days was to do little. The tendency of local operators is to sell on hard spot, especially May to Winnipeg.

Sales of wheat futures against purchases of corn has become popular with local dealers in the last few days. Sentiment is now more or less mixed, with some dealers leaning strongly to the buying side on the basis of the light movement from the country, while others suggest a moderate increase in wheat prices. It is felt, however, that a heavy reduction would have to be made to bring them down to normal. For the time being there is a disposition on the part of a fair number of dealers to buy corn futures on all good breakers.

A revision of export business in rye, with 400,000 bu to 500,000 bu sold to Argentina and a like amount on Thursday, has created a better feeling in that line. Those who have tried to buy cash rye here in the last few days seem to have had little success.

Eastern houses were credited with liberal discounts of wheat on hard spot, while the buyers were able to profit from shorting shorts, who say they are nothing to do with investments buying as nothing.

Official receipts of grain at Chicago Friday: Wheat, 2½ st; corn, 82 bu; oats, 32 bu; rye, 2 car; barley, 5 bu.

## Great Crowds Watch Carr Funeral Cortege Pass Through Streets After Services in Parish Church

**TITLED FORMER CHICAGO ARTIST BACK IN U.S.** Sir John and Lady Lavery arrive on S. S. Majestic. Lady Lavery was Hazel Martyn, well known portrait painter of Chicago.

(Story on page 5.)

[Underwood & Underwood Photo.]

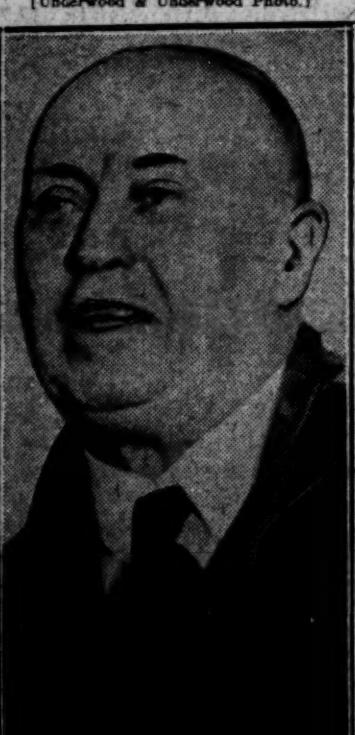

**THOUSANDS SURROUND LITTLE PARISH CHURCH WHERE FUNERAL SERVICES FOR P. J. CARR WERE HELD.** Funeral procession passing through the throngs around St. Agnes' church, 39th street and Washtenaw avenue. Thousands, unable to enter, knelt on the snow and ice outside and heard the services through microphones. The streets from the Carr residence to the church, nearly a mile distant, were lined with other thousands who did not attempt to attend the church services.

(Story on page 1.)

**DEPLORES SPLIT.** Dr. John G. Hibben, Princeton president, talks to alumni here.

(Story on page 19.)

**BILLBOARD MAN DIES.** Thomas Cusack, former member of congress, expires.

(Story on page 14.)

**\$1,250 FOR EYE.** Leonora Kingsley wins after six years of litigation over rooster's act.

(Story on page 4.)

**SCENE IN CHURCH DURING THE CONCLUDING PART OF CEREMONY.** Bishop Edward P. Hoban, distinguishable by his white mitre, is standing at the head of the casket, blessing it before sprinkling it with holy water.

(Story on page 1.)

**WIDOW LEAVING HOME FOR CHURCH SERVICES.** Mrs. Agnes Carr with her brother, Joseph McCauley, who was with her throughout the obsequies.

(Story on page 1.)

**PENNSYLVANIA LIMITED CELEBRATED ITS 45TH BIRTHDAY.** Left to right: B. H. Miller, A. C. Kyle, J. W. Eccleston, N. H. Pinkham, W. F. Jungles, A. S. Ayres, E. E. Kidd, J. E. Breen, George Miller, and Jehial Fox, all of whom have seen from 34 to 48 years' service, who took train out of Union station yesterday.

(Story on page 4.)

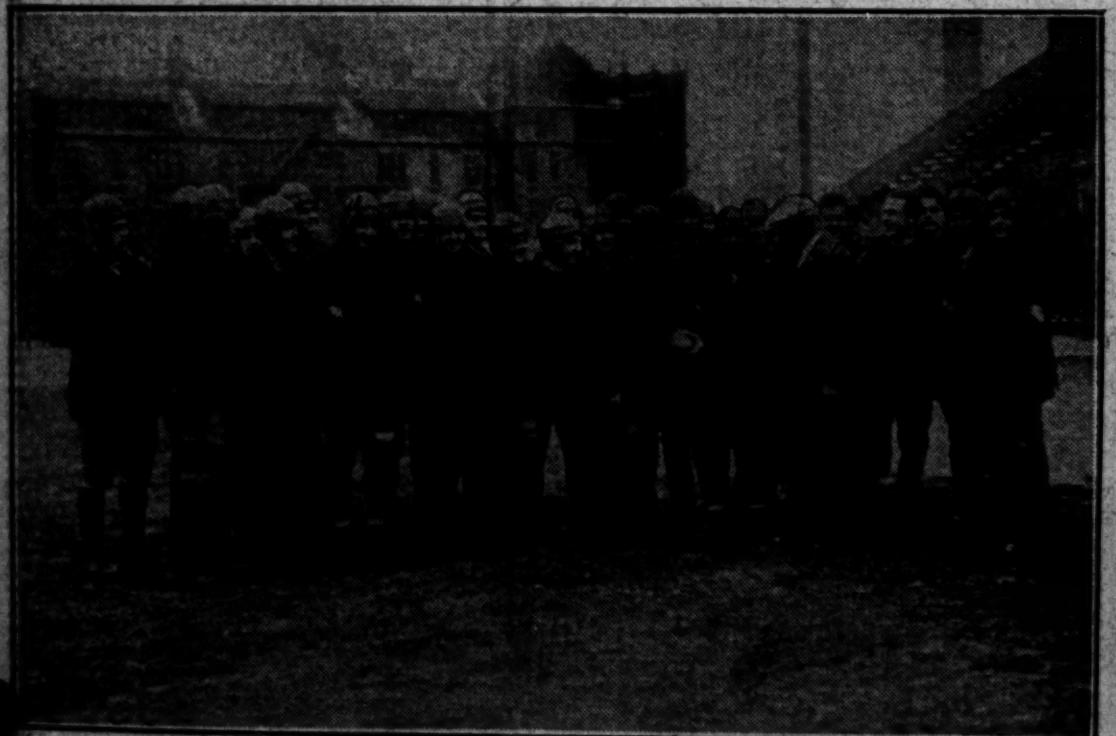

**CARRYING THE BODY OF P. J. CARR FROM ST. AGNES' CHURCH.** On the right: Ald. Joseph B. McDonough is the first pallbearer and Judge Henry Horner, the second. On the left, Congressman Thomas J. Doyle, third in line, and Boettius Sullivan, fifth, are the only ones whose features are distinguishable.

(Story on page 1.)

**SCREEN STAR AND FILM DIRECTOR ARE MARRIED.** A closeup of what happened at New York license bureau after Dorothy Mackaill became Mrs. Luther Mendl.

(Wide World Photo.)

**WISCONSIN AND CHICAGO WIND UP FOOTBALL SEASON TODAY.** Coach George Little of the Badgers giving his squad some skull practice at Stagg field, where the game will be played. Capt. Doyle Harmon is holding the ball.

(Story on page 18.)

**BANKERS SUPPLY POLICE FORCES OF COUNTRY TOWNS WITH WEAPONS.** Police Chief Christ Wegner of Des Plaines, Ill., and William F. Grampner, chairman northern group of Cook County Bankers' federation. The bankers supply the arms.

(Story on page 8.)
